November 3, 2021

TO: County Administrator

FROM: Robert Sallee, Maintenance Supervisor

Scott County Schools Maintenance Department request an emergency approval for the purchase of 350 tons of coal for the 2021-2022 heating season from Rick Begley Coal and Construction. Red River Coal was secured as the coal provider in July 2021 but called in October 2021 and said they would not be able to provide the coal. G & D Processing was secured as the coal provider through Rick Begley, and after the approval process Mr. Begley called to go pick up the coal he was told they did not have any coal to sell to him/school system. Rick Begley has secured 350 ton through Houser trucking and said they could provide the coal but it would have to be 350 ton. At this time Scott County Schools needs the coal to provide heat for 7 schools that operate on the coal fired boilers.

Thank you for your consideration in this matter.

Robert Sallee
Maintenance Supervisor
