Subject: Single Source Purchases

P.O. # 46000

I certify based on the information contained below that this is the single source for the information requested.

A single source request from the Scott County Schools Maintenance Department is requested for Comfort Systems USA to provide a new Delta Evault Archiving Tool. Comfort Systems USA has all of the custom programming for all of Scott County Schools controls systems and would like to continue all services with them. With the Archiving Tool more trend data storage will be available to use with all equipment which is an extremely valuable asset when troubleshooting any equipment connected to the controls.

Thank You
